Take your surfaces beyond the traditional frp white bumpy board. Our Varietex resilient wall coverings offer you a wide range of stylish finishes and colors, while still meeting the sanitary requirements of even the toughest commercial environments.

Add depth and dimension to walls, with our unique textures including sandstone, linen, tile and beaded finishes. Beyond the beauty, Varietex offers all the same benefits of traditional fiberglass reinforced plastic (FRP) wallcoverings, including stain, abrasion and moisture resistance. Plus it's easy to install and even easier to keep clean. Varietex provides stability and a simple, stylish solution for your walls that's designed to last.

style + hygiene

When you need grace under pressure, fiberglass reinforced plastic (FRP) panels are the perfect choice for your walls. From moisture and germs to daily dirt and grime, our FRP panels are able to stand up to even the toughest environments - without sacrificing style and beauty.

As the first and largest global manufacturer of FRP wall paneling, Crane Composites offers the industry's most innovative and resilient FRP panels, backed by our expert technical and installation support staff.

Varietex (STCS + STDSC) panels are the first FRP panels that are HACCP certified. Hazard Analysis Control Point (HACCP) certifies that Varietex panels are suitable for use in food and beverage facilities that operate in accordance with a HACCP based Food Safety Program. Orientation of embossed panels must be installed/ run vertically for any areas that require a sanitary finish under HACCP certification.
